

Our goal is to deliver the best possible experience for you and your clients. Please take a moment to review the following information regarding our communication policies for all Travel Agent reservations.

Communications:

- The Travel Agent will be responsible for supplying all reservation details in a timely manner. Guests should log into My Account to provide their guest preferences: allergies, dietary, emergency contact, passport information, and special occasions.
- We will direct all questions and requests for information to the Travel Agent.
- Should the guest contact us directly with inquiries or requests about this reservation, we will advise the guest to direct their communication about this reservation to their Travel Agent.
- If an email address for the guest is provided (recommended), the guest will receive a copy of all reservation documents, with the exception of the invoice showing Travel Agent commission. If an email address for the guest is not provided, all information regarding the reservation will be sent only to the Travel Agent, who is responsible for forwarding all information to their client.
- The Travel Agent must communicate with the guest in a timely manner to qualify for commission on the reservation.
