At 8:15 a.m., meet your local VBT representative in the hotel lobby for the transfer (approximately four hours) to the port city of Klaipeda, where you will meet your VBT trip leaders. Please have your riding gear readily available in your day pack or carry-on bag, as you will have an opportunity to change into it prior to the warm-up ride. Your other luggage will be delivered to your hotel in Klaipeda and will not be accessible until you arrive at your room later in the day.

Departing Lithuania’s capital of Vilnius, you will shuttle approximately four hours to the port city of Klaipeda, Lithuania’s gateway to the Baltic Sea. From Klaipeda’s busy port, you will have a short boat transfer (5-10 minutes) to the Curonian Spit, a UNESCO World Heritage site. Here, you will meet your trip leaders for an included lunch. Afterward, your trip leaders will conduct a safety and bike-fitting session, followed by a warm-up ride on a lovely designated bike path just a short distance from the Baltic shore. This evening, gather with your trip leaders and fellow travelers for a welcome reception and dinner.

Please note regarding Ride with GPS: VBT recommends that you download your VBT Maps & Route Notes from a WiFi zone prior to your trip if you wish to use Ride with GPS on your smartphone. During your vacation, you will be able to follow these route notes on your smartphone with turn-by-turn voice navigation as you ride. This option is in addition to VBT’s traditional printed maps and route notes available on tour.

DAY 4: Curonian Lagoon / Curonian Spit National Park / Nida / Klaipeda

After breakfast, you will stroll to the city's port and embark a privately chartered boat for a cruise (approximately two hours) to the Curonian Spit, a narrow strip of land separating the Baltic Sea from the Curonian Lagoon, and Lithuania's mainland from Russia. The lagoon's tranquil waters are part of a migration route for millions of birds each year. Disembark in the small village of Juadkrante, where today’s bike journey will begin.

You will cycle an easy asphalt bike path through the Nagliai Natural Reserve, known for its Grey Dunes (also called the Dead Dunes), rare plants, and four villages excavated from sand. As you ride, inhale the heavy scent of the pine forests bordering the Baltic Sea. If you wish, you may take a short detour to a viewing point where you can see the Russian border.

Then, cycle to the quaint fishing village of Nida for lunch on your own. You might consider one of the small restaurants known for their locally smoked fish.

Amber from the Baltic Sea is among the most prized, and Lithuania is a leading producer. After your ride, you will have the opportunity to meet a local craftsman and learn how he creates jewelry from Baltic amber. Later in the afternoon, you will shuttle by coach (approximately one hour) to a ferry for the five-minute crossing to Klaipeda.

Get better acquainted with Klaipeda’s medieval Old Town this evening, as you meet a local guide for a short walking tour. Afterward, enjoy dinner on your own in one of the city’s numerous restaurants.

There could be heavy traffic and trucks at times, as this is a main road into Russia.

DAY 5: Palanga / Amber Museum / Žemaitija National Park
This morning, you’ll leave Klaipeda behind and begin cycling north to the seaside resort town of Palanga. With its miles of bike routes, Palanga is a haven for cyclists.

En route, you will ride through Birute Park, one of the loveliest and best-preserved parks in northern Europe. The park was the vision of Count Feliks Tyszkiewicz, who also built his palace here in 1897. Today, the Count’s palace is home to Lithuania’s Amber Museum. Enjoy an included tour in which your guide will introduce you to the formation of amber, the extraction process, and amber’s historical significance. The museum houses one of the largest collections of unique amber objects, including the Sun Stone—at 6.6 pounds (3 kg), it is one of the largest pieces of amber in the world.

Afterward, enjoy some free time to explore Lithuania’s prime summer resort town of Palanga with its lovely sand beaches, dunes, and aromatic pine forests. Once a fishing village and source of amber production, Palanga was transformed into a health resort during the 19th century and today is an artistic and cultural center. With its numerous international cafés, Palanga’s main street, J. Basanaviciaus Street, is an excellent place for lunch on your own.

Later this afternoon, you will leave the Baltic coast and shuttle (one hour) inland through Lithuania’s rural agricultural landscapes to the Samogitian Highlands and Žemaitija National Park. Samogitia (Žemaitija) is one of the ethnographic regions of the country, with a proud cultural heritage dating to the pagan era.

Settle into your lovely lakeside spa resort. This boutique hotel is so intimate, your small group will have almost exclusive access to its four-star amenities, including the lovely spa.

This evening, gather with your travel mates and trip leaders for an included dinner at the resort.

DAY 6: Cycle around Lake Plateliai / Žemaitija Visitor’s Center tour / Cold War Museum / Lithuanian barbecue

After a hearty Lithuanian breakfast, begin today’s ride on Žemaitija National Park’s bike path, located right in front of your hotel. The park was established in 1991 to preserve the unique landscape and cultural heritage of this region of northwest Lithuania. Lakes cover more than 7 percent of its territory, and you will cycle around the largest of them, Lake Plateliai. Pass through the lovely village of Plateliai before stopping at one of the village’s typical 100-year-old wooden houses with its sloping Samogitian roof. Located inside is the National Park’s visitor center, where you will have a guided tour introducing you to the park’s variety of flora and fauna, as well as the history and folklore of the region. You will also have time to explore the village at leisure before hopping on your bike and continuing your ride back to the hotel. On arrival, enjoy a sumptuous picnic lunch, which will be awaiting you lakeside.

After lunch, cycle a flat, easy route to the Cold War Museum, a former, top-secret, Soviet underground missile site. Here, you will have an included walking tour that will introduce you to the Soviet Union’s nuclear arms mission during the Cold War era.

Then, pedal back to your lakeside resort, where the rest of the afternoon is at leisure. Perhaps you’ll take advantage of the spa or take one of the resort’s canoes or kayaks out onto the lake.

This evening (weather permitting), enjoy a hearty Lithuanian barbecue dinner on the resort’s patio while watching the sunset.

What to Expect: Žemaitija National Park’s bike path around Lake Plateliai is paved except for approximately 1.2 miles (2 km) of packed dirt (a paved-road option is available) on the morning ride and a short stretch of dirt path on the afternoon ride to the Cold War Museum. Today’s ride is an easy one with very little elevation gain.

DAY 7: Lithuanian Villages / Herbal tea tasting / Hill of Crosses / Riga Canal Cruise

Enjoy another lovely morning ride through the Žemaitija landscape. Today’s scenic route traces country roads to the highlands of the park. Let your gaze sweep around you as you pass through some of the loveliest villages of your tour with their quaint Baltic architecture. You will also notice many stork nests dotting the landscapes.

Back at the resort, gather with your travel mates for lunch before visiting a small farm, where you’ll meet a woman who cultivates various herbs. Here, you’ll learn about her medicinal concoctions using the herbs and teas. Many of her recipes date back to her pagan ancestry.

You’ll then set off for the second Baltic country on your tour: Latvia. Breaking up the afternoon’s three-hour transfer is a stop at the historic pilgrimage site of the Hill of Crosses, a mound in northern Lithuania blanketed with crosses adorned with statues, rosaries, and icons. Dating to at least the mid-19th century, this eerie site has been subjected to many efforts to demolish it—including a 1961 Soviet attempt that destroyed more than 5,000 crosses. Yet, this pilgrimage site has been rebuilt numerous times and even expanded. Today, the exact number of crosses is unknown, but estimates put the count at well over 100,000. In 1993, Pope John Paul II visited the site and declared it a place for hope, peace, love, and sacrifice.

Later in the afternoon, you’ll arrive in Riga, Latvia’s scenic capital and Baltic port. Your five-star “Leading Hotel of the World” is ideally set within Riga’s Old Town. After settling into your accommodations, join a local guide for a walking tour of Riga culminating in a cruise on the lovely canal flowing through the town.
Dinner is on your own tonight at one of the many renowned restaurants in Riga.

Accommodation: Grand Palace Hotel, Riga, Latvia
Included Meals: Breakfast, Lunch

Today's Ride Choice:
Cumulative Distance Range: 37 km (23 miles)
*Morning*
Loop ride from the resort: 37 km (23 miles)

What to Expect: Your route today begins on the bike path in front of your resort. After a short stretch, you will leave the paved bike path and follow scenic, two-lane country roads through small villages. Due to rolling hills and winding roads, the traffic is slow and minimal. The return follows the same route, so you will enjoy stunning scenery and beautiful views from both directions.

The first half of the ride is mostly uphill on rolling hills, while the last half is mostly downhill. As always, there will be a support vehicle for the uphill climbs. This will be the most challenging ride of the tour due to the elevation changes—but it will also be one of the most rewarding rides of the week.

**DAY 8: Cycle to Jurmala and Gulf of Riga Shore**

After breakfast, you will shuttle across the Daugava River to join a bike route to Latvia's Baltic resort town of Jurmala. Originally a cluster of fishing villages, this seaside oasis grew over two centuries to embrace an eclectic architectural mix, as well as an enticing setting of sea and sand. During the Soviet era, it was a favorite summer get-away for high-level Communist Party officials such as Brezhnev and Khrushchev. Today, it is a resort for the Baltic countries and Russia’s rich and famous—as witnessed by its luxurious and very expensive villas. You will have ample time to explore the town's romantic wooden houses, Art Nouveau architecture, and beautiful beaches. You might even want to join the locals by cycling on the packed-sand bike trail that follows the edge of the Gulf of Riga. After your free time in Jurmala, either cycle or shuttle back to Riga.

This evening, join your fellow travelers and trip leaders for a joyous reception and farewell dinner in your lovely hotel's dining room.

What to Expect: Today, you will follow designated bike paths that are along city streets and sidewalks or along paved paths through the seaside forests of Jurmala. During the summer months, the bike path can become crowded with cyclists and pedestrians. You will also have the opportunity to cycle with the locals on packed-sand next to the water's edge, depending on weather conditions and how crowded the beach is.

DAY 9: Riga / VBT Bicycle Vacation ends
