Start off your first day in Lisbon right by having a VBT representative greet you at the airport. A complimentary car service will whisk you to your centrally located hotel. From here, you are perfectly positioned to explore this charming city at your leisure.

## **DAY 1: Évora**

After an included breakfast, meet your VBT representative in the lobby of your hotel.

Your VBT representative will accompany you by shuttle (approximately one hour and 15 minutes) to Herdade do Barrocal for a tour and lunch. You depart Lisbon via the expansive Vasco de Gama Bridge, the longest bridge in Western Europe, spanning the mighty Tagus River. Heading east, you arrive on the scenic plains of the Alentejo region, known for its stunning vistas and abundant cork and olive groves. After lunch continue to your hotel and change into your riding attire before meeting your VBT trip leaders for a bike-fitting and safety session.

Begin your bike tour from the hotel with a warm-up loop ride traversing this scenic region of rustic farmland and gentle hills, returning you to your hotel outside of the historic medieval town of Évora, a UNESCO World Heritage site.

Your accommodation for the next two nights is in the historic Convento do Espinheiro Historic Hotel & Spa. Many important noble figures have met here throughout the centuries to shape Portugal's history, earning this 15th-century convent a place as a national monument.

This evening, join the hotel's sommelier in the Convent's wine cellar to sample some of the region's wines before enjoying a sumptuous welcome dinner in the historic dining room.

## **DAY 2: Historic villages of Redondo and Monsaraz / Walking tour of Évora**

After breakfast, shuttle from your hotel to the whitewashed town of Redondo, home to a 500-year-old Portuguese pottery tradition. From here, you begin with a picturesque ride across the plains of Alentejo, following scenic country roads bordered by cork forests. Our destination looms in the distance: hilltop Monsaraz, one of Portugal's oldest settlements, and its imposing castle. Enthusiastic riders may enjoy the climb into town; the VBT support vehicle will be available to shuttle you from Aldeia de Venda to Monsaraz if you need assistance or would like more time to explore Monsaraz.

With its lofty locale, Monsaraz enjoys endless vistas of the Alentejo and neighboring Spain. It has been occupied by various civilizations from Romans, Visigoths, and Arabs to Mozarabs, Jews, and Christians. As you explore its narrow warrens and admire its whitewashed, red-roofed houses, you'll have time to marvel at the remarkable view of the Alqueva Dam and the second-largest artificial lake in Europe. Enjoy lunch at a local café before shuttling back to your hotel.

Later, you venture into Évora to meet a local guide for an enriching walking tour of this magnificently preserved UNESCO World Heritage site. Stop by the São Francisco Church to view its eerie Chapel of Bones, constructed by 16th-century Franciscan monks. Wander atmospheric alleyways past old patrician

mansions and whitewashed houses with bright yellow trim. Enjoy dinner on your own in Évora this evening.

## DAY 3: Baixo Alentejo region / Mértola

After breakfast, shuttle south to the small town of Castro Verde in the lower Alentejo region, or Baixo Alentejo. Today's rides introduce you to the arid, beautiful landscapes of the *Campo Branco*, or White Plains territory. As you cycle, you may pass shepherds grazing their herds on wide-open spaces. For lunch, you stop at a typical Portuguese rural café for a farm-fresh meal with warm, welcoming hosts. After, shuttle or ride to the remarkable fortified hilltop town of Mértola and your hotel.

After settling into your accommodations, join a local guide for a fascinating exploration of Mértola. This town's rich history dates all the way back to the Phoenicians, Carthaginians, and Romans. Its most important remnant from the 500-year Moorish occupation is the medieval mosque, the only mosque from this period to have survived in Portugal. Today it is Mértola's main church, though it boasts many of its original Moorish features.

This evening, enjoy dinner at your hotel.

## DAY 4: Parque Natural do Vale do Guadiana / Guadiana River cruise

After breakfast, set out directly from your hotel. (Those preferring a shorter option shuttle 15 minutes to the starting point of their ride instead.) Your morning cycling leads you into the Guadiana Valley Natural Park, one of 30 natural areas in Portugal officially protected by the government. Wind your way through small towns of beautifully preserved traditional architecture, and coast down to the banks of the Guadiana River. The river's small port village of Pomarão was specially constructed for nearby mining operations. Here you may straddle the Portugal/Spain border with a foot in each country and half your body in Spain's later time zone!

Savor lunch in a riverside café overlooking the marina. Then embark a privately chartered boat for a relaxing afternoon on the Guadiana River. Your cruise delivers you right to your hotel dock in Mértola. Those seeking a longer ride and more challenging option after lunch may forfeit the boat excursion and cycle back to the hotel.

This evening, dine at your leisure in one of the town's inviting restaurants.

Although this morning's ride is shorter than those of other days, you will have some rolling hills to challenge you and a rather steep descent for the last 1.2 miles (2 km) to the Guadiana River.

After lunch, if you opt to ride back to the hotel and forfeit the boat excursion, the ride begins with a challenging 1.2-mile (2-km) climb that will reward you with bragging rights and stunning views. The last 3.1 miles (5 km) into Mértola are on a national road that you share with fast-moving traffic and trucks. The VBT support vehicle is available throughout the day.

The morning ride is short but the vertical gain will ensure a good workout and build up your appetite for your included lunch. Once you have finished lunch, continue cycling mostly downhill towards your next hotel.

You will end today's ride at your lovely accommodations in the Algarve, the Praia Verde Boutique Hotel, and settle in to one of its breezy, elegant rooms. After lunch, continue pedaling to the lovely whitewashed village of Cacela-a-Velha, perched on top of a hill with a view to the easternmost lagoon of the Formosa River. The village is home to the Fortaleza de Cacela, located on the site of the original castle constructed during the Muslim period. Spend time exploring the village before shuttling to your resort for a late afternoon at leisure, taking advantage of the property's pools or spa.

This evening, join your fellow travelers and trip leaders to reminisce about your Portugal bike tour and adventures during a seaside (weather permitting) farewell reception, followed by a delightful dinner of regional Algarve cuisine made with the freshest of ingredients paired with local wines.
