FLIGHT DAY: Depart from the United States or Canada

Your vacation is about to begin! Arrive ready for an unforgettable trip.

FLIGHT DAY: In flight to Christchurch

Flying to New Zealand requires crossing the International Date Line, so this day is “lost.”

ARRIVAL DAY: Arrive in Christchurch

Start off your first day in Christchurch right by having a VBT representative greet you at the airport. A complimentary car service will whisk you to your centrally located hotel. From here, you are perfectly positioned to explore this charming city at your leisure.

DAY 1: VBT Bicycle and Walk Vacation begins / Christchurch / Warm-up ride

After an included New Zealand breakfast, meet your trip leaders at 9:00 a.m. at the hotel for a safety clinic and bike-fitting session. Trip leaders will be wearing VBT staff garments. This will be followed by a warm-up ride directly from the hotel, where you will enjoy the neighborhood streets and local quiet trails in Hagley Park. Explore the bustling Riverside Market and select from many options for lunch on your own. Then travel by van out to Sumner Beach where you may watch for surfers and enjoy the small village before a van shuttle returns you to the hotel via the scenic Summit Road.

You have the afternoon free to explore “The Garden City.” Early this evening, you will join your fellow travelers for a welcome reception, then dine with the group and toast your upcoming journey in wonderful New Zealand.

Today's Ride Choices

Morning: Hagley Park Warm-up — 12 km (8 miles)

What to Expect:

Enjoy a warm-up ride beginning through the quiet neighborhood streets of Christchurch, ending in beautiful Hagley Park.

Cumulative Distance Range: 12 km (8 miles)

Included Meals: Breakfast, Dinner

DAY 2: Cross Southern Alps by train / Cycle to the seaside / Hokitika

After breakfast, shuttle with your trip leaders to the Christchurch train station to board the 8:15 a.m. TranzAlpine for one of the world's most scenic rail journeys. Your train takes you through the vast Canterbury Plains and traverses the scenic gorges and river valleys of the Waimakariri River. The snow-capped peaks of the magnificent Southern Alps soon appear as you climb 2,300 feet (701 meters) toward Arthur's Pass, the South Island's highest settlement, surrounded by steep-sloped mountains.

You depart the train at Arthur's Pass, rejoining your shuttle for a short drive to Kumara for lunch in a historic pub. This afternoon's ride is toward Greymouth and the coast. Off of the busy roadway, enjoy a scenic spin through lush forests and some of New Zealand's famed dairy farms, the soaring peaks marking your progress. Be on the look-out for local bird life that includes bellbirds, tui, kereru (the native pigeon), and kotuku, the white heron. Following the West Coast Wilderness Trail, you will gradually descend to the Tasman Sea before arriving in the region's largest town, Greymouth. At the end of your ride, hop the shuttle to the seaside town of Hokitika, a former gold-rush town once crowded with prospectors. At one time, the main street was lined with more than 80 hotels. Today there are only six.

This evening, you have free time to enjoy dinner on your own. Later, you might take a relaxing walk along the beach and look skyward for the Southern Cross, visible year-round from the Southern Hemisphere. The Southern Cross contains four stars that depict the extremities of a Latin cross. The stars are very bright and close together, making the constellation easy to spot.

Today's Ride Choices

Afternoon: Kumara to Greymouth — 30 km (18 miles)

What to Expect:

The ride is mainly downhill on unpaved trails. After reaching the coast, the trail continues north, paralleling the Tasman Sea. You will then shuttle 30 km (19 miles) to the hotel.

Cumulative Distance Range: 30 km (18 miles)

Included Meals: Breakfast, Lunch

DAY 3: Cycle the West Coast Wilderness Trail / Dine beneath the canopy of ancient Rimu Trees

Begin your ride at beautiful Lake Kaniere and continue past wetlands, woods, and old mill sites as you cycle the dramatic shore of the Tasman Sea. Take respite over lunch among the ancient Rimu and Kamahi trees before continuing onto Ross where you can catch a glimpse of the township's gold-mining history and culture.

Today, you will enjoy the best of the West Coast Wilderness Trail on an enchanting ride that leads you from the hills above Hokitika to the shores of the Tasman Sea. After breakfast, shuttle a short distance to Lake Kaniere and hop on the West Coast Wilderness Trail, part of the New Zealand Cycle Trail. Enjoy a gentle descent through native bush back towards Hokitika. Continue south from there, tracing the dramatic coastline of the Tasman Sea. Your ride passes wetlands, native forest, and old mill sites, and stunning views of Lake Mahinapua can be seen with a short walk from the trail. On a clear day, you will see Mt. Cook and Mt. Tasman rising inland. Stop for lunch at the West Coast Treetop Café, and enjoy taking in the views of the Lake Maniapua valley beneath a canopy of ancient Rimu and Kamahi trees. An optional Tree Tops Walk allows you to explore a unique perspective of the West Coast forest.

After lunch, you continue to the town of Ross, to join the Ross Historic Goldfields walk for a glimpse of the township's past. As you hike, you can stop to view old gold-mining sites such as tunnels and dams. The footpath ends at the original Ross Cemetery, where you can contemplate interesting headstones that portray the harshness of life in coastal New Zealand's early mining days.

This afternoon, shuttle to your accommodation in Franz Josef. Spend free time in this lively town before an included dinner.

Today's Ride Choices

Morning Ride: Lake Kaniere to Tree Tops Café – 37 km (23 miles) OR Lake Kaniere to Tree Tops Cafe via

Road — 26 km (16 miles)

Afternoon Walk: Ross Historic Goldfields Walk — 2.3 km (1.5 miles)

Continue past Hokitika and meander along Mahinapua Creek, past the Hokitika Golf Links, and then alongside the state highway. It's then time to turn off onto the historic Mahinapua Tramline, a super-scenic (if sometimes narrow) section of today's trail. Your ride finishes at the iconic West Coast Tree Tops Café where an included lunch awaits. An alternative paved road ride option follows quiet back roads through the Hokitika River valley to lunch.

Included Meals: Breakfast, Lunch, Dinner

DAY 4: Discover Franz Josef Glacier / Walk Okarito Lagoon

This is New Zealand's Glacier Country, and if the weather allows, your morning walk presents an opportunity to witness their majesty up close and learn a bit about glaciology along the way. After breakfast, walk up the valley carved by the retreating ice of the Franz Josef Glacier. At a viewing platform, marvel at the blue, marble-like sheen of the vast ice expanse. Perhaps you will see deep crevasses where ice floes have been ripped apart by the slow march of the glacier. Return via Peter's Pools and along the shore of the Waiho River.

The day's activities resume with a quick shuttle to the "wee" town of Okarito, home to just a few dozen residents. Booker Prize-winning author Keri Hulme lived here and eventually moved away when she found the town to be too big for her! Revel in a tranquil ambiance and view an abundance of birds during walk

above Okarito Lagoon before lunch. Upon arrival, set out on a trail built above the shore, affording access to the lagoon's unique flora and local birds. The Okarito Lagoon, New Zealand's largest unmodified wetland, is teeming with wildlife. More than 70 species of birds make their home here, including the rare kotuku, the Eastern great egret. Savor the peace and tranquility of this special place.

For lunch, gather with your travel mates on the scenic Okarito Wharf to enjoy a well-deserved picnic prepared by your trip leaders.

Back in Franz Josef this afternoon you may choose to embark on a heli-hiking adventure of Franz Josef Glacier (at your own expense). You will board a helicopter and take wing over the massive ice field, landing on its white expanse for a guided walk. It's a thrilling excursion in an unspoiled setting that few travelers experience. Should you prefer a scenic helicopter or plane ride over the glacier without the glacier walk, your trip leaders will help you make a reservation once you're on tour.

Tonight, you can enjoy dinner on your own at one of the many local restaurants.

Today's Ride Choices

Morning Walk: Franz Josef Valley Walk — 4 km (2 miles)

Late Morning Walk: Okarito Trig Walk — 5 km (3 miles)

What to Expect:

Morning Walk:

The Franz Josef Valley Walk is an easy walk that leads to a riverbank via the glacier, river valley, and surrounding mountains, sometimes featuring spectacular waterfalls. The route continues past Trident Falls to a lookout point with a view of the terminal face of the glacier, and returns through the forest passing glacial ponds, known locally as Peter's Pools. This part of the route is over the shingle and rock of the riverbed, and it can be quite rough underfoot. This is a beautiful yet volatile place—do not let the serene scene fool you. The glacier is constantly moving.

Late Morning Walk:

This super-scenic Okarito Trig walk winds gently uphill on a well-graded track before reaching the Okarito Trig viewpoint. On a clear day, the view is unbeatable, overlooking Westland National Park from the snow-capped Southern Alps across extensive native forest to the lagoons and beaches of the coast.

Cumulative Distance Range: 4 – 9 km (2 – 5 miles)

Included Meals: Breakfast, Lunch

DAY 5: Fox Village / Lake Matheson / Cycle to Gillespie's Beach

Begin the day with a short shuttle to the Fox Glacier area, where embark on a scenic ride through Fox Village ending at a stunning Mt. Cook viewpoint. You may continue cycling from there and test your mettle on a stimulating dirt-road ride out to scenic Gillespie's Beach. Watch the lapping waves of the Tasman Sea before returning to Lake Matheson for lunch on your own. You may also walk around Lake Matheson, the pristine body of water left behind during Fox's retreat millennia ago and an important food-gathering place for the Maori. The lake's excellent mirror-like reflecting properties are due to the dark brown color of the water, the result of organic matter leached from the humus of the forest floor. Walk among the ancient podocarp hardwood forest, also passing tall white and red pine trees. The temperate forest leads to the "View of Views" at the top end of the lake: On a clear day, the water's glassy surface reflects Mt. Cook, also known as Aoraki, New Zealand's tallest peak at 12,218 feet (3,724 meters).

Continue on to Lake Moeraki Wilderness Lodge. Surrounded by a thriving 1,000-year-old rainforest and a pristine seacoast, the lodge is perfectly situated for outdoor exploration and activity—or just relaxing and taking in the wonders of nature. The owner of the lodge, Dr. Gerry McSweeney, is the former president of the New Zealand Royal Forest and Bird Protection Society, the country's largest environmental organization. Accordingly, the lodge is committed to the protection of the environment.

Dinner this evening is in the lodge's dining room, which overlooks the wilderness area. Later, you may wish to join your lodge host for a walk on the grounds to view a colony of glowworms!

En route, you'll stop for a short but memorable walk to witness the amazing Dune Lake and stop again at a classic roadside café for lunch on your own. On reaching the very blue Lake Hawea, get on your bicycle to join the Hawea River Track, part of a purpose-built cycling and walking trail linking Hawea to Wanaka via Albert Town. As you ride, take in spectacular views along the Hawea River and of the high peaks behind Wanaka. Pedal through kanuka groves and shady woodland and along river terraces.
