## **DAY 2: Bike to Zell / Traben-Trarbach / Cruise to Bernkastel-Kues**

Today, cruise the Mosel upstream and disembark for a ride on an easy cycling path to Zell and Traben-Trarbach. Beautifully situated on the Mosel where the river twists and turns through the hills, Zell is one of the largest wine-producing communities on the river. The beloved wine Zeller Schwarze Katze (Black Cat) is produced here with grapes from 16 different locations. Be sure to notice the sculpture on the market-square fountain depicting a snarling cat atop a wine barrel.

Next, cycle to the village of Traben-Trarbach, an architectural jewel of the German Art Nouveau movement known as Jugendstil. The surrounding woodlands and extensive vineyards add to its irresistible charm. Traben-Trarbach was once the world's second-largest wine-trading center. At the height of its prosperity at the turn of the 20th century, the city's wine merchants built a number of fine Art Nouveau buildings, many of which are carefully preserved and continue to operate as wineries. There'll be time to admire a wide range of Belle Époque splendor during your visit; you'll quickly see why the city is a favorite destination for lovers of baroque and classical architecture, too.

Rejoin your barge in Traben-Trarbach, then cruise into Bernkastel-Kues, once two small wine-making towns on either side of the Mosel before they were united in 1905. The pride of today's dual city is the market square, with its picturesque timber-framed houses and decorative sculpted fountains, some dating to the 17th century.

Dinner is on board tonight. Afterward, the captain speaks about navigation and your planned route.

### **DAY 3: Travel to Daun / Eifel Region / Bernkastel-Kues**

This morning, travel (approximately 45 minutes) through the scenic Eifel Valley to the town of Daun, a spa town fed by mineral springs. Return to your bicycle here and enjoy an exhilarating spin, climbing a slight incline at first and then coasting downhill along a former railway converted into a cycling path. This exciting ride includes stretches through tunnels, over bridges, and past small lakes formed from volcanic craters known as maars. Pass stately castles, lush vineyards, green forests, and quiet villages that invite you to pause and explore.

Along the way, stop in Gillenfeld to enjoy a simple lunch hosted by Sigrid and Leo Lenerz. At their simple cozy café idyllically located in an old barn, they specialize in regional products from local producers. Later, ride back to Bernkastel, where you can relax before dinner on board.

After dinner, stroll to the fascinating wine cellar of Josef Zimmermann via an elegant district of fine Art Nouveau villas, many of which display signs proclaiming their status as a weingut, or winery estate. The simple, fourth-generation Zimmermann operation boasts a century-old cellar full of wine barrels and an inviting tasting hall. Your welcoming host will guide you through a tasting of four different wines during your visit.

Take our support vehicle after lunch if you wish to avoid hills, then continue on the MMR bike path coasting through illuminated tunnels and a viaduct before a thrilling, gradual descent into Wittlich town. ## **DAY 4: Ride to Piesport / Trittenheim / Trier**

After breakfast, you cycle toward Trier, the oldest town in Germany, passing Piesport and Trittenheim along the way. Both of these winemaking villages lie on scenic hairpin turns of the Mosel. In Piesport, you will see a reconstructed Roman winepress. Stop for lunch in one of the small villages along your route, such as Neumagen-Dhron, where you witness more signs of ancient Rome. Rejoin the barge in Schweich for a leisurely cruise to Trier.

The people of Trier might tell you that it is possible to see “2,000 years of history in 2,000 paces” in their city. The Romans established their local capital here. In the Middle Ages, Frankish kings and the archbishops of Trier reigned. Here you can learn about the Porta Nigra (“Black Gate”), a city landmark and the largest city gate of the ancient world; the amphitheater; the medieval Market Square; the High Cathedral of St. Peter, Germany’s oldest Cathedral; and Constantine’s Imperial Throne Hall. Then there’s the rococo Electoral Palace and the ruins of the Imperial Baths with their extensive subterranean passages. It is an astounding repository of history that leaves little doubt why all of Trier’s monuments have been designated a UNESCO World Heritage site.

Tonight, your barge moors here, so you can try one of the local restaurants for dinner on your own.

For more miles along the Saar bike path, ride up the right bank, navigate a narrow unpaved path through the forest, and cross over the big locks and bridge down the other side back to Saarburg.

Then, follow the Mosel River, the natural border between Luxembourg and Germany, along an easy biking path. Soon you'll arrive in Wasserbillig and cross the border into Luxembourg.

In Nittel, Germany, rejoin the barge for lunch. This afternoon, you can opt to continue cycling with our longer option or cruise into Remich, Luxembourg.

Our longer option follows the renowned Route du Vin, famous for its vineyards and outstanding wines, including Riesling and Cremant. Approaching Remich, take a short detour to Nennig and admire Europe's largest Roman mosaic; remarkably, 90% of it is original and perfectly restored.

Explore cobblestone-arched narrow streets and small elegant palaces such as the Palais Grand-Ducal and the Chambre des Deputes.
