DAY 4: Púbol / Castell Dali Gala

The first full day of your Costa Brava bike tour begins with a scenic ride into the heart of the historic Baix Empordà province of Catalonia, where you'll stop at the medieval village of Púbol. Here, you'll visit Púbol Castle, purchased by Salvador Dalí in 1970 as a gift for his wife Gala. Enjoy a glimpse into Dalí's personal life and witness his many talents as you gaze at original paintings, sculptures, and custom-designed furniture. You can also admire some of Gala's haute couture dresses, designed exclusively for her by Christian Dior. Gala chose her beloved Púbol Castle as her final resting place and is buried in the cellar's mausoleum.

Coasting into Pals, you will be charmed by cobbled stone streets and an impressive Gothic Quarter whose facades feature distinctive windows, stone balconies and semicircular arches. you explore this historic village, enjoy lunch at your leisure.

In the afternoon, continue cycling to the village of Peratallada. Its name translates into “carved stone”—an apt label, as most of the buildings were built from stone taken from the moat that still partially encircles the village. This remarkable town has been declared a historic artistic monument. Its dominant structure is the Castle of Peratallada, dating to 1065 AD. Restoration of this now privately owned castle revealed traces of a Bronze Age settlement. Take some time to visit some of the artists’ galleries before getting back on your saddle for your return ride to your hotel. You are at your leisure this afternoon to relax by the lovely swimming pool or stroll down to the nearby beach.

This evening, enjoy a sumptuous dinner in your hotel’s elegant dining room.

Here, you may continue riding or shuttle to our Mediterranean beachfront hotel. Once at the hotel, wander along the waterside cycling path into the town of L'Escala or treat yourself to one of the hotel's many spa options.

This evening, enjoy dinner on your own in one of the hotel's restaurants or walk along the beachside cycling path to a restaurant in the neighboring village of Sant Martí d'Empúries. This small village was first settled by the Greeks in the 6th century BC and later became an important medieval political center. You will cycle through a rural landscape of vineyards and olive and cork trees before meeting your trip leaders, who will prepare a lovely picnic lunch for your enjoyment.

Later, continue riding to one of the most important sites in the area: the perfectly restored Peralada castle. You will complete your cycling today in the village of Vilabertran, famous for the Santa Maria de Vilabertran monastery as well as for being the setting for Dalí's 1913 painting *Vilabertran*, which he painted when he was only nine years old.

Later, shuttle back to the Mediterranean coast and after returning to your hotel, enjoy its spa (additional cost) or nearby beach, or explore the neighboring ruins of Empúries, some of the most important Greco-Roman ruins on the Iberian Peninsula. During this tour, you'll cruise past gorgeous coves and the dramatic, craggy rock formations of the Islas Medes jutting into the sea. These crystal-clear waters nurture significant biodiversity, making it one of the most important marine reserves in the western Mediterranean.

Your trip leaders will meet you at the end of your cruise in the port of L'Estartit, with your bicycle ready for the day. Today's ride will pass the impressive Montgri Massif, which locals say looks like a sleeping bishop. You'll see the ancient Montgri Castle perched on its summit as you pedal along. Stop for lunch on
