FLIGHT DAY: Depart from the United States or Canada

Your vacation is about to begin! Spend your first night aloft and arrive ready for an unforgettable trip.

ARRIVAL DAY: Arrive in Turin

Start off your first day in Turin right by having a VBT representative greet you at the airport. A complimentary car service will whisk you to your centrally located 5-star hotel. From here, you are perfectly positioned to explore this charming city at your leisure.

DAY 1: VBT Bicycling Vacation begins / Travel to Tenuta di Fontanafredda / Warm-up ride / Welcome reception and gourmet dinner

After an included breakfast at the hotel, the morning is yours to explore Turin at your leisure. At 12:30 p.m., a VBT representative will be in the lobby to meet you. Please have lunch before meeting the rest of the group.

All guests will travel to Tenuta di Fontanafredda (approximately one hour southeast of Turin), in Piedmont's lovely Langhe region. Arrive at the beautiful grounds of the Tenuta, a sprawling estate of vineyard-cloaked land spread over 48.5 acres (120 hectares). Founded at the end of the 19th Century by Emanuele Alberto, son of Italy King Vittorio Emanuele II, the village incorporates several historical buildings, wine cellars, a beautiful park with rare plants and trees, a lovely pristine lake, and meditation zones. It thrives with many cultural and foody activities, including a theatre, an Eataly shop and a Michelin starred restaurant. After a safety and bike-fitting session, don your bike gear and follow your trip leaders on a short warm-up ride through the hotel's surroundings.

This evening, browse the hotel's unique library or stroll the trails around the pond, before gathering for a

welcome cocktail at the hotel, sampling local wines, cheese, and hazelnuts. Enjoy dinner at the hotel newly restored restaurant of Cascina Galarey, with open views of the surrounding hills.

Today's Ride Choices

Afternoon: Warm-up — 11 km (7 miles)

What to Expect:

The warm-up ride is a loop from/to your hotel, toward Grinzane Cavour. After the first two miles a steady 1 km uphill takes you to the hilltop village, crowned by a castle. Then you ride downhill back to your hotel. It's a good ride to test your gears and 'sample' the views of the tour.

Cumulative Distance Range: 11 km (7 miles)

Included Meals: Breakfast, Dinner

DAY 2: Ride to Pollenzo / Truffle hunt

This morning's hearty breakfast features dishes cooked with fine local ingredients.

Your route today leads you through some of Piedmont's stunning farmlands and natural beauty to the ancient Roman city of Pollenzo, nowadays a timeless village whose architecture spans the ages. Though most of the remains of ancient Rome have been destroyed, the shape of the ancient amphitheater is still visible, as you'll see by walking among the terraced houses built upon the site. In the town piazza, admire the neo-gothic monuments built by the Royal Savoy family, whose King Charles Albert made Pollenzo his favorite holiday resort.

Today Pollenzo is home to the internationally known University of Gastronomic Sciences, established in Corte Albertina in 2004 by the Slow Food Organization. The university embraces the latest models of agriculture and the preservation of biodiversity. At the adjacent Wine Bank, more than 300 winemakers regularly select, store and preserve their best vintages, making the history of Italian wines available for future generations. Discover Pollenzo and its treasures on your own during a short stop.

Afterward, shuttle across the River Tanaro, the natural northern border of the Langhe, birthplace of the great wine Barolo. The breathtaking hilly landscapes you'll traverse, or *langa*, are famous for wines, cheeses and truffles. Here, the winemaking culture, traditions and terrains are among Europe's finest

examples of man's harmonious relationship with nature and are considered an aesthetic archetype of European vineyards, earning this entire area a place as a UNESCO World Heritage site. Arrive in La Morra and enjoy lunch on your own. It is truly a privilege to cycle here.

Continue cycling these gorgeously landscaped routes, mostly downhill. As you coast through the valley, you'll savor spectacular views of the hilltop villages of Verduno and Roddi, each crowned by stately castles.

Back at your hotel, join an expert truffle farmer, or *trifolao*, and his dog on the grounds of your Tenuta. Together, you set out in search of the precious underground fungus. During this invigorating outing, you will learn how to choose truffles and how to preserve them. Your hunt follows the trails of one of the last unspoiled woods in the area, home to over 40,000 age-old plants and trees – the Wood of Thoughts.

Enjoy dinner at the hotel Disguido restaurant: the chef is the same of the Michelin-starred restaurant Guido, a gracious Italian kitchen committed to using the finest Piedmont ingredients.

Today's Ride Choices

Morning: Guarene to Pollenzo – 27 km (17 miles)

Afternoon: La Morra to Hotel – 14 km (9 miles)

What to Expect:

Departing from the hotel, a shuttle ride will take you to the hilltop village of Guarene. From there you'll ride into the Roero forested region on an undulating route with little car traffic, arriving in Pollenzo before lunch. In Pollenzo, we offer an 8-km (5-mile) shuttle to avoid traffic and the long uphill into La Morra, your lunch stop. The afternoon ride is mostly downhill and flat, with only one rolling hill, on paved country roads. On the final stretch you will cycle through a village with some car traffic.

DAY 3: Barolo / Wine tasting / Alba

Today, shuttle to the hilltop town of Roddino to begin an invigorating ride along an easy route, tracing a

crest that offers beautiful sweeping views of manicured vineyards and farms. You will ride through the medieval village of Monforte, worth a stop and stroll along its scenic and picturesque alleyways. En route to Barolo note the region's rectangular *cascine* farmhouses, unique to Piedmont. The longer sides of these buildings face the sun for warmth in winter and are embellished with an arcaded terrace, stone floors and iron railings overflowing with colorful flowers.

Before lunch, pedal into Barolo and admire its impressive castle. This quaint medieval village gave the world-famous, light-colored red wine its name. You will have time to explore and enjoy lunch on your own at a local café. Perhaps you'll sample wine at one of the many cantinas or stroll the cozy streets, full of little quaint shops and cafés. You may also visit the interesting WIMU, the wine museum located in the castle of Barolo.

Then, cycle downhill back to your hotel or add miles for a scenic ride to Sinio in the Talloria Valley.

Later today at the hotel, follow our expert guide through the underground historic wine cellars of Tenuta di Fontanafredda, among the 100 finest cellars in the world. The King of Italy Vittorio Emanuele II bought the estate in 1858 and 12 years later decided to cut most of the forest to plant the first vineyards. His son, the Prince Emanuele Alberto, later transformed the estate into a formidable wine business by partnering with the Marquis Falletti and Count Cavour to create the now-famous Barolo wine.

This evening shuttle to Alba, the capital of white truffles, for a stroll or maybe some shopping before dining on your own. You must try the delicious *ravioli del plin* or *tajarin* pasta!

You cycle an ancient road that Napoleon traveled during his first war campaign in the region. Later, you descend into a valley that follows the ancient Roman trade route linking France and Italy. Coastal Ligurians traded wine, cheese, honey and especially salt in Piedmont and France. Pause for lunch in one of the most beautiful villages of Italy: sleepy Millesimo, reclining on the banks of the Bormida River. Its ancient bridge dates to the 12th century, sure to be one of the best photo ops of your vacation.

Continue your ride on an easy winding route along the Bormida into the Italian region of Liguria. At ride's end, join a shuttle to our next hotel, built on the sandy beach of San Lorenzo al Mare on the Italian Riviera. Enjoy a welcome *aperitivo* and settle in, stroll on the beach, or swim in the azure waters of the Ligurian Sea. If you wish, stop here to visit the synagogue and stroll the shop-lined pedestrian zone.

Continue your journey to the fishing village of Ospedaletti, known as the pearl of this colorful “Coast of Flowers.” You arrive here by riding through a tunnel that doubles as a gallery of portraits from the famous Milano-San Remo Spring classic cycling race.
